SOUTHERN COMMUNICATIONS HOLDINGS LIMITED

**STRATEGIC REPORT
FOR THE YEAR ENDED 31 MARCH 2019**

Introduction

The Directors present their Strategic Report for the year ended 31 March 2019.

Business review

The Company acts as the main direct investment holding company for the group. During the year the group undertook a refinancing exercise to obtain access to greater facilities to pursue its acquisition strategy. As part of this exercise the Company became the main holder of external debt for the group.

Principal risks and uncertainties

The key risk to which the company is exposed is interest rate risk on its external financing. The interest rates are linked to the monthly LIBOR rate. The Group has in place an interest cap of 1.5% on LIBOR at the year end. This cap lasts until November 2020 and covers 75% of the Group's facilities. When this cap ends the Directors will review the Group's exposure and consider the need for further hedge instruments.

Financial key performance indicators

Financial key performance indicators are not monitored by the board at the entity level.

Other key performance indicators

Other key performance measures are monitored at group level.

This report was approved by the board and signed on its behalf.

**DIRECTORS' RESPONSIBILITIES STATEMENT
FOR THE YEAR ENDED 31 MARCH 2019**

The directors are responsible for preparing the Strategic report, the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law, including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Report to the directors on the preparation of the unaudited statutory financial statements of Southern Communications Holdings Limited for the year ended 31 March 2019

We have compiled the accompanying financial statements of Southern Communications Holdings Limited based on the information you have provided. These financial statements comprise the Balance Sheet of Southern Communications Holdings Limited as at 31 March 2019, the Profit and Loss Account for the year then ended, and a summary of significant accounting policies and other explanatory information.

This report is made solely to the Board of Directors of Southern Communications Holdings Limited, as a body, in accordance with the terms of our engagement letter dated 1 April 2019. A work has been undertaken solely to prepare for your approval the financial statements of Southern Communications Holdings Limited and state those matters that we have agreed to state to the Board of Directors of Southern Communications Holdings Limited, as a body, in this report in accordance with our engagement letter dated 1 April 2019. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Southern Communications Holdings Limited and its Board of Directors, as a body, for our work or for this report.

We performed this compilation engagement in accordance with International Standard on Related Services 4410 (Revised), Compilation Engagements.

We have applied our expertise in accounting and financial reporting to assist you in the preparation and presentation of these financial statements in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice). As a member firm of the Institute of Chartered Accountants in England and Wales, we are subject to its ethical and other professional requirements which are detailed at www.icaew.com.

These financial statements and the accuracy and completeness of the information used to compile them are your responsibility.

Since a compilation engagement is not an assurance engagement, we are not required to verify the accuracy or completeness of the information you provided to us to compile these financial statements. Accordingly, we do not express an audit opinion or a review conclusion on whether these financial statements are prepared in accordance with United Kingdom Generally Accepted Accounting Practice.

SOUTHERN COMMUNICATIONS HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

1. General information

The company is a private company limited by share capital incorporated in England and Wales.

The address of its registered office and principal place of business is:

Glebe Farm
Down Street
Dummer
Basingstoke
RG25 2AD

2. Accounting policies

2.1 Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated.

2.2 Statement of compliance

The financial statements were prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', the Companies Act 2006 and FRC Abstracts.

2.3 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The financial statements are presented in Sterling and rounded to the nearest pound. Sterling is the Groups functional and presentation currency.

The Company has elected to apply all amendments to FRS 102, as set out in the triennial review published in December 2017, prior to the mandatory adoption for accounting periods beginning on or after 1 January 2019.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies (see note 3).

The following principal accounting policies have been applied:

SOUTHERN COMMUNICATIONS HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

2. Accounting policies (continued)

2.4 Financial reporting standard 102 - reduced disclosure exemptions

The company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d);
- the requirements of Section 11 Financial Instruments paragraphs 11.42, 11.44 to 11.45, 11.47, 11.48(a)(iii), 11.48(a)(iv), 11.48(b) and 11.48(c);
- the requirements of Section 12 Other Financial Instruments paragraphs 12.26 to 12.27, 12.29(a), 12.29(b) and 12.29A;
- the requirements of Section 26 Share-based Payment paragraphs 26.18(b), 26.19 to 26.21 and 26.23;
- the requirements of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the consolidated financial statements of Southern Communications Group Limited as at 31 March 2019 and these financial statements may be obtained from Companies House.

2.5 Exemption from preparing consolidated financial statements

The Company is a parent Company that is also a subsidiary included in the consolidated financial statements of its immediate parent undertaking established under the law of an EEA state and is therefore exempt from the requirement to prepare consolidated financial statements under section 400 of the Companies Act 2006.

2.6 Going concern

The Company has net liabilities of £1,836,584 due to losses in the year arising from financing new acquisitions. The Company acts as the main external debt holder for the group and relies upon support from its subsidiaries to service the group's debt obligations.

The loans within this Company are subject to cross guarantees with other members of the Group who will provide support to the Company to finance the debt.

At the year end, group forecasts indicate that the debt servicing costs can be met for a period of at least 12 months from the signing of the financial statements.

2.7 Interest income

Interest income is recognised in the Statement of income and retained earnings using the effective interest method.

2.8 Finance costs

Finance costs are charged to the Statement of income and retained earnings over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

SOUTHERN COMMUNICATIONS HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

2. Accounting policies (continued)

2.9 Taxation

Tax is recognised in the Statement of income and retained earnings, except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Balance sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2.10 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

2.11 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.12 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.13 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

SOUTHERN COMMUNICATIONS HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

2. Accounting policies (continued)

2.14 Financial instruments

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost, unless it qualifies as a loan from a director in the case of a small company, or a public benefit entity concessionary loan.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of income and retained earnings.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Company would receive for the asset if it were to be sold at the balance sheet date.

Financial assets and liabilities are offset and the net amount reported in the Balance sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2.15 Related parties

The Company discloses transactions and balances with related parties which are not wholly owned within the same group.

SOUTHERN COMMUNICATIONS HOLDINGS LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2019**

3. Judgements in applying accounting policies and key sources of estimation uncertainty

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

Classification of debt instruments

The loans have been classified as simple financial instruments and are being held at amortised cost including £4,054,357 of transaction costs. In management's judgement there are no terms or conditions within the loan agreement that would make them complex financial instruments.

Impairment

Management have concluded that there are no indicators of impairment existing at the year end and therefore no adjustment is required to investment carrying values.

4. Employees

The average monthly number of employees, including the directors, during the year was as follows:

	2019 No.	2018 No.
Directors	5	5

5. Directors' remuneration

The Directors were remunerated by the parent company, Southern Communications Group Limited and details of their remuneration can be seen in the Group consolidated financial statements.
